Hello world! This is my HTML5 boilerplate.

A Boilerplate helps you build fast, robust, and adaptable web apps or sites. Kick start your project with the combined knowledge and effort of 100s of developers, all in one little package.

A little bit of content

Lorem ipsum dolor sit amet, consectetur adipisicing elit. This is a [standard link](#) distinctio facilis excepturi, reprehenderit pariatur odit, velit mollitia saepe impedit reiciendis omnis quasi sed, facere quo nobis a blanditiis.

Lorem ipsum dolor sit amet, consectetur adipisicing elit. This is a [visited link](#) hic nemo dicta dignissimos dolorum obcaecati nobis tenetur laudantium iusto quibusdam vero velit magnam quam quas! Iure nobis minima accusamus fugit.

A blockquote is a large quotation. The content of a blockquote element must include block-level elements such as headings, lists, paragraphs or div's. This element can also have an optional attribute cite that specifies the location (in the form of a URI) where the quote has come from.
